BRUNSWICKS SHOWED SAD LACK OF INTEREST

HAD CHANCE TO WIN BUT DID NOT FOLLOW IT UP-BLUE UNIFORMS DID GOOD

WORK

The baseball game of the Winter League on the Makiki grounds Saturday afternoon between the Portuguese team and the Brunswicks, resulted in a victory for the former, the score being 10 to 6 in their favor. At the startoff, it looked very much as if the Brunswicks would win out. They were at one time as much as three runs However, the boys let down all of a sudden and the Portuguese taking advantage of the opening, soon batted the ball all over the field. Bolster for the Brunswicks being unable to fool the wearers of the bright blue uni-

The game was one marked by a lot of wrangling which came for the great-Stable Fixtures er part from the Brunswicks. Welch, who was chosen captain of this team in place of Jackson, did not seem able to control his men. When they found that they were losing they seemed to take no further interest in the game and just fell down as rapidly as they The Portuguese, on the other hand played ball for all there was in fact that they now stand at the head of the league with three games won and not a single one lost. There is question whatever that they are the best players of the league of three

At the end of the second inning, the Fortuguese led by one run, the score being 2 to 1. In the third inning, it was a different story for the Brunswicks piled up four runs and the Tramcar drivers standing along the side lines began to look very solemn.

In this third inning, Anderson, formerly of the Custom House team. singled out into left and Manago, firet and then scored on a wild throw by A. Marcallino at short. Kiwa hit to short and Marcallino again distinguished himself by throwing wild to the plate for Anderson, the result being that the latter made a run. Just here the Portuguese tried a trick which failed to The ball was thrown to second with the intention of having it return-The ball went past second and Mana got home. By a succession of errors, the Brunswicks piled up four The Portuguese made two in this inning.

the fourth inning but in the .Afth. the Portuguese made four to one by their opponents. In the sixth came nothing for either side again and in the seventh the Portuguese piled up two more ouns. In the eighth there was nothing again and in the ninth the Brunswicks failed to score, so the game ended.

Gomes in the box for the Portuguese did some good work and he was well aught by Wilcox, whose real name is Sebastian, a brother to the young mewho held down third base so creditably. A. Marcallino, formerly of the Punahou eam, was very wild at short in the juieted down to steady play and took n everything that came his way. J. Marcallino played for about one-half of the game and then his place in the ield was taken by another player. Peter Correa in left field did some of the best field work of the day. Ferlandes at second was not a very great uccess but Kani, one of the oldest players of the league and the man who wo years ago, held the record for the best pitching in the league, held own first in excellent shape

Bolster for the Brunswicks did fairgood work in the beginning of the game but he soon tired out and his place was taken by Kalolo who will some day make a good ball player. Mana behind the bat, did not seem to be able to hold anything. However, there was some excuse for him for he was taken from the field and put behind the bat to replace Macfarlane who was giv-en the position at short. Kaanoi held down second and Welch was at first. Kiwa made a fairly good third. Of the fielders, Anderson did the worst work. He simply could not get anything and he allowed ball after ball to get past him when they were going along at a

very slow rate of speed. BISMARK BRANCH STABLES Hert Bowers umpired the first part of the game and then his place was taken by Private Smith of Camp McKinley, who was the best all-around player in the Artillery team of the season that has just closed.

SAILOR'S CLOSE CALL

John Lindholm and Axel Holstein. wo sailors of a vessel at present in port, came pretty near getting into trouble by trying to rengw old asso ciations of a previous stay here.

On Saturday night these two men went into the yard of Truant Officer George Shaw, where one of them said he had known a lady when he was

last here four years ago.

They failed to find the lady in ques tion and tried to form the acquaint ance of Mrs. Shaw instead. Shaw appeared on the scene and ordered them out and, as they failed to pay any at tention to his orders, had them arrested. They appeared in court this morn-

ing on a charge of vagrancy. As there is no fine for vagrancy but only imprisonment, the Deputy Sheriff argued it was better to bave the defendants leave in their ship than to keep them here in jail, so the two sailrmen got off with a reprimand.

The German picnic at the Peninsula Saturday afternoon and a part of the evening was a success in every way thanks to the efforts of the committee from the house of H. Hackfeld & Co. .td., which was composed of the following: F W. Klebahn, Geo. Rodiek H. C. Pfluger, Captain Dabel and Emil Berndt. The train conveying the pic-nickers to the place of B. F. Dilling ham at the l'eninsula arrived on the seene at about 2:15 o'clock. Seventysix sailors and petty officers of the Cormoran under command of Oberlieutenant Albrecht, alighted from the train and formed in line, the brass band leading. The Honolulu Germans formed behind the ship's company and then the whole party of picnickers marched over to the Dillingham place. At the tail end of the procession was a wagon weighted down with the favrite beverage of the Germans

A big sail cloth had been stretched covered ant exterminator. If between trees on the lawn and when these people arrived at the picnic grounds, they found all manner of good things spread about on tables under this sail covering. The kegs of beer were rolled to their places and the pangs of thirst were soon relieved. While the festivities were in progress, the band played German and American airs much to the delight of every one

> There were calls for a march and he accommodating band struck up a pretty piece. Mrs. Isenberg, wife of he German Vice Consul, who saw that it needed someone to start up the dancing, went up to Wachtmeistermart Zimmerman and, taking him by the hand, ran out upon the lawn and took her place at the head of a line of couples which soon formed bellind The dance went merrily on, closing with a polka. Before breaking up, hose who had taken part in the dance ere photographed by Mrs. Isenberg. After the first dance, there were many interesting features for the enertainment of the Germans from the

Cormoran. German games were play-

ed and the band filled in the intervals.
